

## States Participating in MIHOPE

MIHOPE includes 88 local programs in 12 states -- California, Georgia, Illinois, Iowa, Kansas, Michigan, Nevada, New Jersey, Pennsylvania, South Carolina, Washington, and Wisconsin. MIHOPE field researchers will enroll families into the study until September 2015.

The study includes states that:

- Are implementing at least two of the four home visiting program models that were selected to receive MIECHV funding by 10 or more states: Early Head Start, Healthy Families America, Nurse-Family Partnership, and Parents as Teachers
- Have multiple local program sites operating in the state
- Provide geographic diversity
